

Experienced Tender Officer

The Position:

For our head office in Serooskerke, we are looking for a Tender Officer. The Tender Officer is part of the Business Development Team and reports to the Business Development Manager. As Tender Officer, you are responsible together with your colleagues, for the Business Development of the OOS International fleet of SSCV's. One of the colleague Business Developers is based in Ciudad Del Carmen; Mexico, another Business Developer is based in Singapore. The candidate will execute the job in the Netherlands.

Job Description:

Duties and responsibilities:

- Development and/or maintenance of relationships with key customers and other stakeholders;
- Having experience in the tender process and/or in managing offshore projects is an asset;
- Market analysis/analytical skills;
- Preparation of tools (documents, presentations, papers) to support market entry and business development activities;
- Strong written and oral communication and presentation ability.

Education/Experience:

- We are looking for an experienced (min.4yr) Tender Officer who has experience in Project Management in the offshore industry (oil & gas/ wind/ offshore mining);
- You hold a degree in Civil or Offshore Engineering;
- You have excellent negotiation skills and you can communicate at several levels;
- Excellent knowledge of English verbal and written, knowledge of Dutch, French and/or Spanish is an asset.

We offer:

- A job in a varied, international working environment with a lot of responsibility;
- A dedicated team where every member strives for the best team results under a good atmosphere;
- Prominent international career opportunities;
- A fulltime position for a definite period of one year. An indefinite contract after proven suitability.
- Although the execution of the job will be done initially in our head office in Serooskerke (the Netherlands) it is considered to be an advantage if the candidate is willing to travel for a considerable time.

About OOS International:

OOS International is a young, ambitious international organization that manages dynamical positioned and anchored semisubmersible floatels. We provide offshore accommodation crane vessels and operational services to oil- and drilling platforms. For more information please review our website:
