

## QUALITY POLICY

As Managers of dynamically positioned and anchored semisubmersible floatels we provide offshore accommodation and operational services to oil platforms. This Policy applies to all activities and services provided by OOS International BV.

Our overall business system contains a part for Quality which implements our Quality Policy, establish procedures for providing training which meet or exceed learner expectations, and satisfies external quality system requirements.

The system included the policies, procedures, organizational structure, requirements and responsibilities in order to achieving our quality policy.

OOS International BV will consistently provide services that meet or exceed the requirements and expectations of our customers. We will actively pursue quality improvements through programs that enable each employee to do their job right the first time and every time.

OOS International BV will strive to mitigate the impact of any foreseeable hazards, which may endanger health, safety, security and the environment, or could affect the quality of services we provide. This will be achieved through formal risk assessments as required per company policies and procedures.

OOS International BV is committed to continual improvement of quality performance.

This Policy will be communicated to ALL staff, contractors and suppliers and will be available for all interested parties on our website.
