

BASE MANAGER (Fulltime)

Location: Serooskerke, The Netherlands | Position Level: Experienced

Publication date: 14-08-2020

Position

Would you like to work on complex worldwide projects in a dynamic team driven to find innovative solutions for the offshore oil and gas and Offshore Wind industry? Then you might be the Base Manager we are looking for.

In this position you support the organization from Serooskerke, the Netherlands, to set up a **Logistics Support Base** in the Middle East and eventually take ownership as Base Manager on location. The Base Manager is responsible for the overall operational and programmatic planning, logistics, reporting, and implementation to enable OOS to achieve its objectives. S/he will be supervising the base and ensure that OOS procedures are streamlined in the project implementation as well as building relationships with key partners. As an integral part of the new project department within the organisation, you get the chance to make your mark on our future endeavours!

Responsibilities:

- Accountable for achieving OOS' strategic goals and objectives within the area of responsibility;
- Accountable for making significant decisions to win the logistics support base tender;
- Manage tender and start-up phase of the logistics support base;
- Making commitments and decisions that require the expenditure of significant resources;
- Accountable for people management on site;
- Accountable for making sound decisions based on OOS' policies, standards, and the advice of technical experts in OOS.
- Finalize the scale up of the UAE Base ensuring the opening of support service department (supply chain, HR, admin, finance)
- Lead the project implementation with supervising requirements.

Requirements

- Preferably 5-8 years of working experience in a similar position in the Middle East;
- Preferable strong experience in tender and start-up phase of a Logistics Support Base
- Strong administration skills, Proactive and a hands-on approach;
- Good knowledge of the English and Dutch languages both verbal and written;
- Able to work in a fast-paced work environment;
- Experience in offshore projects in an advantage (oil & gas, wind, drilling);
- Experience in project management and proven organizational skills;
- Experience dealing with national partners and local/government authorities in the Middle East;
- Willing to re-locate to/in Middle East if required and available on short notice.

The organization

Working for OOS means being part of a growing and dynamic organization. Our dedicated team consists of a mix of young and experienced professionals, who are working together in a lean organization. We continuously invest in the development of our employees by supporting their personal growth.
