

QUALITY POLICY

As Managers of mobile offshore units and vessels we provide a wide range of services to the offshore and maritime industry.

This Policy applies to all activities and services provided by OOS International BV and affiliated companies.

Our overall business system contains a part for Quality which implements our Quality Policy, establish procedures for providing training which meet or exceed learner expectations, and satisfies external quality system requirement.

The Quality system includes the policies, procedures, organizational structure, all applicable requirements and responsibilities in order to achieving our quality policy and performance.

OOS International BV will consistently provide services that meet or exceed the requirements and expectations of our customers. We will actively pursue quality improvements through programs that enable each employee to do their job right the first time and every time.

We will strive to mitigate the impact of any foreseeable hazards, which may endanger health, safety, security and the environment, or could affect the quality of services we provide. This will be achieved through formal risk assessments as required per company policies and procedures.

Top Management is committed to the continual improvement of the quality performance and system in cooperation with all staff.

This Policy will be communicated to ALL staff, contractors, and suppliers and will be available for all interested parties at our website.
