

Technical Superintendent (full time)

Location: Serooskerke (W)

Publication date: 09-02-2026

The position

*To strengthen our Technical Department, we are seeking a dedicated **Technical Superintendent**. In this role, you will be responsible for preparing, coordinating, and supervising technical activities, as well as providing day-to-day technical support for our units operating worldwide.*

Duties & Responsibilities

- Ensure all vessels are maintained to the required technical standards and specifications, and promptly advise the Technical Manager of any issues that may impact vessel performance or service capabilities.
- Establish and implement effective engineering systems and best practices in close collaboration with the Operations, HSEQ, and other relevant departments.
- Oversee the technical management of all vessels in line with the Planned Maintenance System, ensuring all records, certifications, and documentation remain accurate and up to date.
- Lead and oversee special projects, dry dockings, and technical studies as assigned by the Technical Manager.
- Develop and maintain systems for fault detection, monitoring, repairs, authorization, and implementation.
- Draft and update technical procedures in accordance with the Technical Manager's direction.
- Contribute to the annual budgeting process when required.
- Support onboard crews by resolving technical issues and monitoring procurement logistics and purchase orders.

Job & Skill Requirements

- Degree in Mechanical Engineering, Shipbuilding, or a related technical field.
- Proven experience in the maritime or ship repair industry, preferably with international exposure.
- Strong communication and interpersonal skills.
- Excellent organizational abilities with the capacity to prioritize tasks and meet deadlines.
- Team-oriented and comfortable working in a multicultural environment.
- Fluent in English, both written and spoken.

What can we offer you?

- Professional Development
- International Work Environment
- Social and Team-Building Activities
- Competitive Salary
- Pension
